## A message to my sponsor

Date 23/3/2004

Dear Langbank Church of Scotland

Receive warm greetings from your beloved daughter Desy. I hope you are fine together with your family members. I am happy as a task to have you in my life, you are like an angel. How are all the people in the church doing? I hope they are doing well, I am still practising how to play the piano. May the Lord God see you all wherever you go and bless everything you touch and the work of your hands.

It's remaining a few weeks to celebrate my birthday in the month of April. Help me pray.

I have drawn for you the map of Africa "Truly" Africa is full of fun. I come from Kenya in a county called Homa Bay near Lake Victoria. There we enjoy eating fish like Nile perch and others. Do you eat fish? Which type of fish do you like? Thank you for the gift you sent. I received it. May the Lord God bless you. I feel so grateful. I received KShs. 9156. My grandmother bought the following for me: 2 chickens, school bag, pens, exercise books, pencils, encyclopedia, sugar, wheat flour and many others. I have named my two chickens Teissy and Neissy. They look so lively. I feel so happy when they come and meet me when I am from school. Please help me pray for their good health. The encyclopedia is a big book with collections of various subjects. I have improved so much in my studies. God bless you abundantly for supporting my career dreams. My bag helps me to neatly carry my books. The good items are like together as a family. My grandmother invited the men of God to enjoy the delicious meal with us. There was a special prayer for you. I wish you were around to pray with us. I represented the group photo of Langbank Church of Scotland. May God give you good health and bless the church. The biscuits were enough for me and my friends. I felt so happy.

Drawing

to share with friends.

I want to encourage you with a verse from the bible from the book of Hebrews 13:26 which says May God be with you all. May our God bless you abundantly. Love lots of love.

From your lovely daughter  
Desy.
